The HOUSE OF Rynveld

FALL
1936

The House of RYNVELD

FOREWORD

We are doing our part to stimulate business activity by passing every possible price advantage to our customers. And this is not being done at a sacrifice in quality for never were we able to offer a finer lot of bulbs. All through this Fall list you will find quotations below those we have been able to make for many years and in a large number of the items the prices are the lowest ever quoted.

We again urge our customers to turn away from some of the older varieties which have been popular in the past to the long new list of finer things which have been developed in the past few years and which are now available in sufficient quantities to justify lower prices and permit plantings on a liberal scale. Only those with the best flowers can hope to operate profitably in these times and these best flowers can only be produced by a selection of the right varieties.

We are constantly broadening our line and thus maintaining our position as the foremost suppliers of the most complete line of bulbs and kindred items in the country. We are ever on the lookout for new or old neglected bulbous items which offer commercial possibilities and these are being added to our list from time to time.

We take the opportunity of thanking you for your patronage in the past and hope that we may continue to enjoy your good will.

Terms

5% off for cash with order.

2% off for payment within 10 days.

All bills payable net 60 days.

Unless credit is established with us please give references and allow us sufficient time for checking.

All quotations herein are for shipment F.O.B. New York.

Prices slightly higher on the Pacific Coast.

For the convenience of our Southern customers we can make shipment of Florida grown stock direct from growing station at Jacksonville, Fla.

Prices quoted herein are subject in all cases to maintenance of present tariff schedule on the respective item and any change made therein before delivery automatically cancels the within quoted prices.

Display Cards for Your Counter Trade

To those who retail bulbs we offer free of charge display card reproductions in natural colors. It is important that you have these as they are of considerable assistance in increasing sales and obtaining new customers.

SERVICE

We maintain offices and warehouses at New York and California and carry a complete line of Fall bulbs in stock for our customers requirements.

Wire orders are filled the same day as received by us. All others within 48 hours of receipt. Your inquiries are welcomed and we are pleased to make suggestions as to culture or selection when requested.

We have a representative in your territory. Let us have him call on you.

We Guarantee

That all bulbs leave our farm or warehouse in good condition, packed in boxes sufficiently strong

and substantially secure to insure delivery in good order but we do not assume risks in transit.

That all stock is true to name as represented.

That all stock is inspected and found to be sound and free from disease when shipped.

We Do Not Guarantee

Productivity—The actual growing of flowers is subject to many conditions over which we exercise no control. We allow five days after delivery for inspection by the purchaser and cannot entertain complaints made after the expiration of this period. All requests for adjustments must be made in writing to our main office at 149-155 West 24th Street, New York City and we assume no liability for those made verbally to our salesmen or in any other way.

PRICES

Allow us to sound a word of warning to those who contemplate placing orders based upon competitive quotations. During a period of declining prices such as we have had recently, competition has developed into a frenzy of price cutting with the inevitable result that quality is sacrificed for the sake of price. Skimping on prices when purchasing bulbs invariably results in depreciated returns at blooming time.

We maintain that **quality for quality** our prices are lower than those quoted by others not interested in maintaining the high standard which we have set up.

SQUARE DEAL

To those who have dealt with us for years we need not repeat our policy of square dealing. To our new customers we desire to say that at all times we are anxious to adjust differences. Occasionally, mistakes occur and we receive requests for adjustments. Many are not our fault but our policy of "a square deal for the Florist" will not allow us to overlook them.

THE HOUSE OF RYNVELD QUALITY

FRENCH ROMAN HYACINTHS

Note our much reduced prices. There is no bulbous item that can be forced for Christmas and midwinter use that is as graceful as the Roman Hyacinth. Splendid for pans. Very useful for basket and make-up work. Can also be easily grown in the home in bowls of Rynveld's Bulb Fibre. They are not hardy in our Northern climate, and should not be planted outdoors.

"From Florida to The Florist"

A BUMPER CROP JUST HARVESTED
Of The Finest Bulbs We Have Ever Raised

Paper White Grandiflora

Our Florida grown Narcissus are generally known throughout the country and their record of performance speaks louder than any boost we can give them here. In addition to Paperwhites we offer **SOLEIL D'OR, CHINESE SACRED LILIES** and other varieties of tender Narcissus all of which are good for forcing or for house culture and are easily flowered in bowls with water and pearl chips or fibre. We invite your attention to the items offered on this page and elsewhere in the catalog and if you get to Jacksonville consider this as an invitation to visit our farms.

Classification of Narcissus Types

A brief explanation of the leading types is shown below!

AJAX, large trumpets.

BARRI, short cup, usually not over $\frac{1}{3}$ the length of the perianth (petal.)

INCOMPARABILIS, medium length cups, sometimes $\frac{3}{4}$ of the length of the perianth.

LEEDSII, medium length cups of white or cream with white perianth.

POETAZ, flowers in clusters

POETICUS, pure white perianth, short cups with rim of orange or scarlet.

JONQUILS, small flowers in clusters. Very sweet scented.

NOTE—Large trumpet Daffodils are erroneously called Jonquils in some sections of the country.

Since many of the novelty varieties are limited in quantity, we are listing the leading commercial varieties only.

To those who are interested in the novelties, our complete list will be mailed upon request.

We claim to be the foremost experienced growers of Narcissus in this country.

GIANT FLOWERING AMARYLLIS

In our constant effort to seek out such bulbous items as seem to offer the greatest promise of commercial value, we have recently undertaken the extensive culture and development of a special strain of Amaryllis and now have, at our Florida farm, the most outstanding collection ever grown in this Country.

Few flowers rival the Amaryllis in grandeur, range of color, or simplicity of culture, and it remains only for the bulbs to be available in large quantities to put them among our most popular bulbous flowers. The stock that we are growing is a selection of the finest range of colors produced by renowned specialists all over the world.

HARDY LILIES

For Forcing Or Outdoor Planting

Having been keen observers for several years of attempts made in this country to produce a commercial supply of Hardy Lilies, we are gratified in being able to report that several acres are now under cultivation in Yaphank, L. I. We will thus be able to supply you with these varieties in the early Fall, long before the arrival from abroad. American grown lilies are superior.

Lilium Regale (Myriophyllum)—One of the finest Lilies for florists. Strong stems 3 to 5 ft. high, producing large clusters of beautiful flowers. Centers of which are flushed bright golden yellow, shading to creamy white outer edges. Trumpet shaped white flowers. (Delivery October 1.)

BULBOUS IRIS

Everyone knows the value of these beautiful bulbous Irises. The flowers are not only superior in substance, brilliancy and purity of color, but also earlier and larger than the old Spanish Iris. These Irises are unsurpassed as cutflowers; they will stand any amount of handling.

Florists have found them very profitable for greenhouse forcing, bringing in good returns in the market. The bulbs we offer are produced at our Long Island farms, grown under cool weather conditions and free from the mosiac diseases.
